EDUCATION

COLLEGE EDUCATION -Sri Eshwar College of engineering	7.1(5th-sem)	2023-2027
SCHOOLING—Vivek Vidyalaya Matriculation Higher Secondary School	75%	2021-2023
SCHOOLING—Vivek Vidyalaya Matriculation Higher Secondary School	100%	2020-2021

INTERNSHIP EXPERIENCES

MERN Stack Intern — Consensus Academy Training Institute

Jan 2025

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js
- Implemented RESTful APIs for CRUD operations and user authentication
- Designed responsive user interfaces using React and modern CSS frameworks

AR/VR Game Development Intern

Feb 2025

- Built interactive AR/VR game components using Unity and C#
- Integrated 3D assets and physics systems to improve gameplay realism
- Optimised scene performance and object interactions for smoother rendering

TECHNICAL SKILLS

Languages:	Java Python C++ C JavaScript
Frameworks/Libraries:	React.js Express.js Node.js ReactNative Tailwind CSS
Databases:	MySQL MongoDB
Core Concepts:	Data Structures & Algorithms Object-Oriented Programming DBMS REST APIs
Tools:	Git GitHub VS Code Eclipse Cisco Packet Tracer AWS
Web Technologies:	HTML5 CSS3 JavaScript

PROJECTS

3D Car Driving Game : Tech Stack : Unity, C#

2025

- Developed a 3D car simulation game using Unity physics engine and C# scripting
- Implemented vehicle movement controls, collision detection, and camera tracking
- Designed interactive road environment and basic gameplay mechanics
- Achieved smooth frame rendering and responsive player controls

Blog Web Application : Tech Stack : MERN Stack

2025

- Built a full-stack blog platform enabling users to create, edit, and manage posts
- Developed REST APIs using Node.js and Express for authentication and CRUD operations
- Integrated MongoDB database for efficient storage and retrieval of user content
- Implemented responsive UI using React, improving usability across devices

Inventory Management System : Tech Stack : Java, MySQL, JDBC

2024

- Developed a console-based inventory system to track product stock and updates
- Integrated MySQL database using JDBC for persistent data storage
- Implemented features for stock monitoring, threshold alerts, and report generation
- Improved data accuracy and streamlined inventory record management

ACHIEVEMENTS

- Solved 100+ Data Structures and Algorithms problems across coding platforms
- Participated in a **24-hour hackathon**, contributing to idea generation, development, and presentation of a working prototype.

CODING PROFILES

LEETCODE: 850 (max: 850) | CODEFORCES: 500 (max: 500) | CODECHEF: 780 (max: 780)

CERTIFICATIONS

- Learn Java Programming – Beginner to Master (Udemy)
- Mastering Data Structures and Algorithms Using C & C++ (Udemy)
- Python Foundation Certification (Infosys Springboard)
- HackerRank Certifications – Python, SQL, Problem Solving (Basic)
